# KETTLEBURGH TOWN ESTATE CHARITY

The Kettleburgh Town Estate Charity provides grants to young Kettleburgh residents who are about to embark on further education, an apprenticeship, or other training.

This year we provided grants of £100 to three residents, two of whom requested partial funding towards the purchase of laptops for their university courses and one who was starting an apprenticeship and requested help with the purchase of tools.

If any young residents think a grant would be helpful to them, please apply by email to [kettleburghtownestatecharity@gmail.com](mailto:kettleburghtownestatecharity@gmail.com), including a brief description of the course or training, and how you would use a grant.
